

CIRCULAR NO. 13 OF 1999

TO ALL MEMBERS OF THE LEGAL PROFESSION

DIRECTORSHIPS

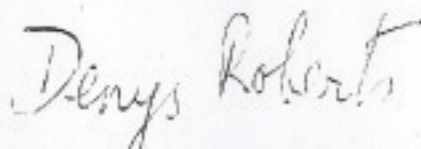

In Circular No. 3 of 1997, I expressed the opinion that there was no objection to an advocate and solicitor practising in Brunei Darussalam also becoming a Director of a Company.

I was, in that circular, only dealing with the professional aspect of the matter.

I am informed, however, that non-Bruneians, who are permitted to enter legal practice here, are usually restricted, by their labour permits, to such practice alone.

My earlier circular should not be regarded as suggesting that an advocate/solicitor should become a Director if this is not permitted by his labour permit.

21st September, 1999.
